Original article: *Aging (Albany NY)* 2021; 13: pp 7382—7396

PMID: [33658392](https://pubmed.ncbi.nlm.nih.gov/33658392/)

PMCID: [PMC7993674](https://pubmed.ncbi.nlm.nih.gov/PMC7993674/)

doi: [10.18632/aging.202596](https://doi.org/10.18632/aging.202596)

**This article has been corrected:** The authors requested replacement of panel **6B**, in which the left panel (normal tissue stained for BCL2L2) was an accidental duplication of the left panel of **Figure 6A** (normal tissue stained for AMOTL2). All of the results in **Figure 6** were extracted from THPA online database (<https://www.proteinatlas.org/>). The corrected web link for the left panel of **Figure 6B** is <https://www.proteinatlas.org/ENSG00000129473-BCL2L2/tissue/lung#img>. This change does not affect the results or conclusions of this work.

New **Figure 6** is presented below.

**Figure 6.** The THPA results of 8 target genes in normal and tumor tissues. (A) AMOTL2. (B) BCL2L2. (C) CACDH1. (D) MSRB3. (E) NFIB. (F) S1PR2. (G) SORT1. (H) SRF.
